

Dear friends & clients,

As we navigate these unpredictable and unprecedented times, we hope and PRAY that you, your families, as well as our employees and their families continue to be safe.

YES, WE ARE OPEN FOR BUSINESS with safety and precaution in mind

Because the situation with Coronavirus (COVID-19) is rapidly changing, we at Vancouver Tire & Auto Repair Center have developed Action Plan COVID19 to help prevent infection as we serve clients, and to communicate information updates that will affect our employee's and clients. Ongoing communication will be through our Facebook and website, and will be updated as new information emerges.

Remember this is a work in process, and the COVID-19 virus is affecting all of us. It's imperative we work together as Americans, being responsible and respectful of others, by listening and by working together. We can get through this!

Please visit [cdc.gov](https://www.cdc.gov) click on STEPS TO PREVENT ILLNESS for more information & the best practices. Continue to follow the recommendations and updates from the CDC, including proper hygiene practices.

Be safe as you continue to navigate this uncertainty.

Sincerely
Gordon Bozarth, Owner
Vancouver Tire & Auto Repair Center
